DADDY KENNEDY AMONG THE DAHLIAS

‘DAHLIAS ELITE’

High up on the roster of “What is Best in Dahliadom” are inscribed the merits and beauties of ‘Dahlias Elite.’ We take pleasure in offering the following named varieties of recent and previous introduction. The acclaim and prizes they have won for themselves are assurances of their high caliber, their exquisite beauty and their sturdiness of growth. We offer them with every confidence of their giving the maximum of satisfaction to the most discriminating and exacting Dahlia “fans.”

DAHLIA—KING OF AUTUMN FLOWERS

DAHLIAS have a history in North America of over 156 years and their popularity since 1814 has been growing ever stronger year by year. Because it is easily grown, because of its wealth of color and its variety of form the Dahlia is easily the monarch of Autumn flowers. It repays the small amount of care given it with a display of gorgeous tints and hues when the Fall garden is often rusty, dusty and devoid of color attractions.

The 1930 Autumn Shows attracted the usual crowds of admirers and their enthusiasm was rewarded in seeing a splendid display of exhibition blooms of the highest order.

SOLLUX

New offering for 1931

shown in these pages. Besides we list and approve the best of the novelties from foremost growers whose reliability is unquestioned.

CHOSEN CAREFULLY—No haphazard methods of selection are used by us in recommending our own originations or those of others. Their behavior in the field and at the exhibitions decides us; and none finds a place in our lists until it has fully satisfied us as to its excellence.

GLADIOLUS

We have revised our offerings to embrace the better varieties; those that are well known producers and are plentiful; those that are sure to satisfy when planted by our patrons. To be certain of a long cutting season in late Summer and Fall we recommend that you make two or more plantings of Gladiolus.

PERENNIAL PLANTS

Our field-grown plants are as popular as ever—giving real pleasure to our patrons who admire hardy groups and borders. We grow them from strong, field-grown divisions except those which propagate easily from cuttings. The latter being pot grown are allowed to develop strong root systems—then they are hardened off in cold frames before shipping. All arrive as well developed plants—bound to bloom.

CHOICE KINDS ONLY

We keep our stocks true to name and list only the tried and true. Still we are continually on the lookout for dependable, new and rare varieties to add to our extensive collections.

We refer you to our hardy Chrysanthemums, Delphiniums, German and Japanese Iris, Phlox and Hardy Asters. They are all ideal for massing in the garden or for cutting.

PLACE YOUR ORDERS NOW

It's wise to make your selections now when things are a little quiet before the actual planting season. When the big crush of orders commences there are bound to be some delays and many varieties sold out. If you order early we reserve your stock, you get exactly what you order and it arrives in good time for planting.

Please Read Before Ordering

▼▼▼

Order Early—Do not delay ordering until planting time, as many varieties will be sold out. As orders are received, stock will be reserved and sent at the proper time, or sooner if requested.

Terms—Remittance with order on or before shipment. Dahlia orders are delivered prepaid. Please remit by bank draft, Post Office money order or registered mail. No stock sent C.O.D. unless 50 per cent of purchase price accompanies order.

Perennial Plants are shipped by express collect. We exercise the greatest care in packing, but our responsibility ends on delivery in good order to the express company.

Shipping—All orders for plants taken at the Dahlia Shows and Gardens last Fall, and those received this Spring will be sent around May 10 unless otherwise requested.

Our Guarantee—We guarantee every bulb, root or plant sent out to be true to name and color, also to be in growing condition when received, after which our responsibility ceases. Please notify us immediately if anything is unsatisfactory, when received, or if any tuber or plant does not grow after planted a reasonable time.

Substitution—We do not substitute unless requested to do so, but would suggest naming a second choice.

Name and Address—Be sure to write name and address plainly. Specify time you wish order to be sent. Keep a copy of your order for comparison.

SECOND NATIONAL ATLANTIC CITY FLOWER AND GARDEN PAGEANT

September 4th to 10th inclusive, 1931

Inaugurated last year for the first time this great event in the world of horticulture immediately became a fixture. Staged in the largest and finest show hall in the world the Pageant offers to garden lovers a two-fold opportunity—first to exhibit some of the products of their own gardens for the many fine prizes offered and second to view the newest and finest in garden plants arranged in unusual and beautiful fashion. W. W. Kennedy & Sons invite their customers to plan and plant for this most unusual event. Complete information and schedules of classes may be secured by writing J. W. Johnston, Director, The Bourse, Philadelphia, Pa.

SOLLUX. F. D. (*Kennedy*)

Another fine Dahlia. Our introduction for 1931. A genuine yellow that suggests by the name the brightness of sunlight. It might be called a yellow Elite Glory, for the blooms are shaped very much like that variety, with more depth. Its all-around splendid qualities make it an ideal garden and exhibition flower. One of the Roll of Honor Dahlias for 1931.

Plants \$5.00, Roots \$10.00

New and Recent Introductions

Each year brings its quota of Dahlia Novelties. Some prove consistently good, while others fail to measure up to the standards demanded by keen Dahlia lovers and are discarded. We have tried out all the varieties listed herein and have carefully tested their qualities. We feel that the following list contains a peerless collection of the better varieties. A selection of any of those offered will insure the greatest satisfaction and pleasure. Owing to the unusual demand for good Dahlias we earnestly recommend orders being placed as early as possible.

F. D.	Formal Decorative	Inc. C.	Incurved Cactus
I. D.	Informal Decorative	S. C.	Semi-Cactus
	Straight Cactus		

IMPORTANT—Roots are what we formerly termed tubers.

AMERICAN TRIUMPH. Inc. C. (*American Dahlia Farms*). The color is a clear, bright, rich red of intense beauty with no tendency to fade. The form is that of the English Cactus type, winner of the American Home Advancement Medal at New York as most worthy new Dahlia in 1929. **Plants \$2.50, Roots \$5.00**

ANDREA ERICKSON. I. D. (*Fisher & Masson*). A pure white, having all the good points by which good Dahlias are judged. A flower 10 to 12 inches in diameter, on a splendid sturdy stem. One of the winners the past season. **Plants \$5.00, Roots \$10.00**

A. O. KENNY. F. D. (*Darling*). Large flowers of perfect form and great depth, carried on good stems. Color a rich bronze buff of one tone, the center tinted with bronze. Medium height and free flowering. **Plants \$2.50, Roots \$5.00**

***ARTHUR W. GRAY.** I. D. (*Veile & Mendham*). A flower of distinct individuality. The color is a rich salmon-apricot, flushed orange and rose. The stems are rigid and long, holding the flowers facing you. It is an exceptionally good bloomer. **Plants \$5.00, Roots \$10.00**

CARDINALIS. F. D. (*James Kennedy*). Winner as best undisseminated seedling at Trenton in an extra strong class. It is a brilliant cardinal red of splendid form. First shown at Newark in 1928 under the name of West Point, and re-christened last year, as that name had already been used. **Plants \$3.75, Roots \$7.50**

CHAS. G. REED. F. D. (*Ballay*). Color is a purple red—a lively shade not far from crimson. This variety is unusually large and is held upright on a perfect stem. Big, broad petals, a deep full center, and the great profusion of bloom, makes it one of the best. **Plants \$5.00, Roots \$10.00**

CHEMAR'S EUREKA. F. D. (*Chemar*). One of the outstanding Dahlias the past season. Color is white, sometimes having a light lavender cast in the center. Winner in the white classes wherever it was shown. A Dahlia of rare beauty combining all the habits that go to make a perfect Dahlia. **Plants \$2.50, Roots \$5.00**

COQUETTE. I. D. (*F. & M.*). Combination of red and gold, face of petals of velvety musketeer red, blending with gold and shading to a golden sunset. Color at points back of petals gold. An exhibition flower of great beauty. **Plants \$1.75, Roots \$3.50**

DONNA CALIFORNIA. I. D. (*Ballay*). Deep rose pink suffused with lavender. The color is not new but it is doubtless the largest Dahlia by far of that coloring. The stems are long and strong. The even petal formation is loosely arranged rather than solid. **Plants \$5.00, Roots \$10.00**

DOROTHY STONE. I. D. (*F. & M.*). A large brilliant pink flower, that might have won the steepstakes if it had been shown in open competition. The color is brighter and richer than Kathleen Norris, and the substance is heavier. **Plants \$3.75, Roots \$7.50**

ELITE MOONLIGHT

DR. JOHN H. CARMEN. F. D. (*Dixon*). A large deep tyrian rose flower, tipped petunia and silver. A large leaf variety of good flowering habit, and lasting qualities. This variety was good all through the past season. **Plants \$2.50, Roots \$5.00**

EAGLE ROCK WONDER. S. C. (*Broomall-Success*). One of the outstanding Dahlias in our garden the past season. A free bloomer, of good form and tremendous size. Color is mars-orange shading to orange-buff with tints of coral pink and coral red, according to Ridgeway's color chart; the general effect being between orange and apricot. **Plants \$7.50, Roots \$15.00**

ELITE MOONLIGHT. A Semi-Cactus of splendid form and delicate coloring. Winner as undisseminated seedling in Semi-Cactus Class at New York Show, where it was shown as No. 27. It is a flower of majestic bearing, perfect form and delightful coloring. Really a white, shaded and tinted with lavender—a bloom that is a definite answer to those who say the Dahlia lacks grace. **Plants \$2.50, Roots \$5.00**

ELITE SUNSET. I. D. A perfect type of a brilliant Autumn color. Has a rich golden center shading to rosy salmon on the outside. Buds at first are pale yellow, the outer petals developing the golden salmon shade, while the center retains its original golden sheen. A luxuriant grower with abundance of deep green leathery foliage. Blooms held erect on long sturdy stems. Its all-around splendid qualities make it an ideal garden or exhibition flower. One can scarcely conceive of a Dahlia of a more brilliant coloring than this. **Plants \$5.00, Roots \$10.00**

- ELIZA LONDON SHEPARD.** I. D. (*Peacock*). A blended golden orange apricot, making a one-tone spectacular flower. Blooms of good substance with full centers, are borne on long, stiff stems. Strong upright grower and free bloomer.
Plants \$5.00, Roots \$10.00
- FLORENCE KLEIN.** I. D. (*F. & M.*). A deep full-centered Dahlia of a salmon orange color, the salmon adding to the appearance of the depth. A beauty for either the garden or exhibition table, on account of its brilliant coloring and good keeping qualities.
Plants \$2.00, Roots \$4.00
- FRANK MILLER.** F. D. (*Burch*). Picric yellow of large size, carried on a fine, straight stem. This variety attracted considerable attention in our garden the past season.
Plants \$3.75, Roots \$7.50
- FRAU O. BRACHT.** Str. C. (*Bergen*). This Holland introduction was the sensation of the New York show. Its distinctive form and clean-cut beauty gave it its place of honor. It is about as perfect in form as any of the newcomers. The color is clear, pale primrose, very clean and graceful in effect. Received a Certificate of Merit at Storrs, 1929. It also received a high rating in Holland and Germany.
Plants only, \$2.50
- GOLD IMPERIAL.** F. D. (*Lyndora*). Winner of Camden Dahlia Society Gold Medal, seedling class. A rich gold colored Dahlia with strong wax-like petals and just a tint of lavender on reverse. Flowers deep with high perfect centers.
Plants \$3.75, Roots \$7.50
- GOLDEN HARVEST.** S. C. (*Broomall-Success*). A most striking variety, producing enormous blooms of a beautiful sulphur yellow in color, with no shading. Flowers held erect on fine strong stems. One of the good ones last season.
Plants \$5.00, Roots \$10.00
- GOLDEN SONNE.** Str. C. (*De Wilde*). A fine Dahlia, especially as a cut flower and for exhibiting, where it has been a popular winner. Color clear golden yellow, shading to soft salmon rose on the outside petals.
Plants \$1.25, Roots \$2.50
- GOV. MORGAN F. LARSON.** F. D. (*Lyndora*). A Dahlia of supreme merit. Won Governor's Cup at N. J. State show at Trenton, as most worthy undissemminated Dahlia. Color clear golden yellow with slight apricot blush on reverse. Growth, medium to tall, sturdy plant.
Plants \$3.75, Roots \$7.50
- GRACE CURLING.** I. D. It is a glorious Decorative of large size, imposing and beautiful in form and color. The latter is white at base, then changing to lilac pink and rose. Huge, broad florets, bluntly tapering and tastefully notched at tips. Perfect stems and they are long, bearing the big bloom well above the foliage.
Plants \$3.75, Roots \$7.50
- JANE COWL.** I. D. (*Downs*). The outstanding Dahlia of the year in every show. A consistent prize winner throughout the country. It is a large deep flower with colorings of warm buff and old gold, blending to a bright salmon at its perfect center.
Plants \$1.25, Roots \$2.50
- JEAN TRIMBEE.** S. C. (*Trimbee*). This variety is a native of Canada. The flowers are very large and a beautiful rich petunia violet in color. It has a strong vigorous habit, and the large attractive flowers are produced very freely.
Plants \$5.00, Roots \$10.00
- JERSEY'S GLORY.** F. D. (*Waite*). The flowers are large and of good form, well placed on the stem. The color is best described as a yellow hue of orange. The stems are long and stiff, but sometimes arch gracefully. It is a robust grower and the flowers are produced very freely.
Plants \$2.50, Roots \$5.00
- JERSEY'S TRIUMPH.** F. D. (*Waite*). A seedling from Jersey's Beauty, and is identical in habit and growth. The color, however, is entirely different, and is a real Autumn shade of bright copper flushed with salmon bronze.
Plants \$3.75, Roots \$7.50
- JIM MOORE.** I. D. (*Loller*). One of the outstanding new Dahlias of 1930. The color is a clear primrose yellow shading to gold, with tints and flushes of salmon throughout the flower. The stem is long and strong, holding blooms facing. Has made good wherever grown and was on the Honor Roll of 1929.
Plants \$3.50, Roots \$7.50
- JUDGE LEON McCORD.** F. D. (*Boston*). The color is the deepest shade of gold, with a reverse of old rose. A regularly formed flower on a bush of medium height.
Plants \$3.75, Roots \$7.50

JUNE JUSTICE. I. D. (*Success*). This very unusual colored Dahlia has been the center of attraction in the showroom and garden. Very brilliant in color—a mixture of rhodmine purple and tyrian rose. Strong stems hold the large blooms erect.

Plants \$3.75, Roots \$7.50

KATHERINE COLE. F. D. (*McDowell*). In color it is a beautiful light pink and cream. The tips of the petals are pink, shading to cream, with a pink center. The stems are long and stiff, yet not thick, and the flower is always looking you in the eye.

Plants \$5.00, Roots \$10.00

KATHLEEN NORRIS

KATHLEEN NORRIS. I. D. (*F. & M.*). Color a true rose pink deepening to mallow pink, but paler in the young central petals. A bloom of gigantic proportions, petals broad and overlapping with twisted ends, full, tight center. Foliage dark green and insect proof. A great bloomer and an excellent keeper. **Plants \$5.00, Roots \$10.00**

KENTUCKY. F. D. (*Wiggington*). This fine Dahlia is a sport of the famous Jersey's. Beauty, and in growth, habit of plant, stem, size and formation of flower is identical. But the color is a brilliant salmon orange, shading to grenadine pink on outer petals. The plant is a thrifty grower and prolific bloomer under all weather conditions.

Plants \$2.50, Roots \$5.00

KING MIDAS. I. D. (*Peacock*). A one tone golden yellow flower of great depth, and produces six and seven perfect blooms at one time. **Plants \$2.50, Roots \$5.00**

KIWANIAN. I. D. (*Ballay*). Bright velvety scarlet. The bloom is very full and deep, the petals are unusually broad and deep, and artistically wave dand curled. Plant is of medium height and flower is held upright on the stem. **Plants \$1.50, Roots \$3.00**

KROONJUWEEL. Inc. C. A beautiful Autumn color, shaded salmon. A splendid cut flower and just the thing for table or basket arrangement. Bushes are always covered with a mass of bloom. **Plants \$1.00**

MONMOUTH CHAMPION

LAVINIA BROOMALL. Inc. C. (*Broomall-Success*). Very large and unusual in form and color. It attracts immediate attention and will be a valuable addition to any first-class collection as there is nothing else like it. Color light orange-yellow to capucine yellow shaded coral pink. **Plants \$5.00, Roots \$10.00**

MABEL S. DOUGLAS. I. D. (*Thompson*). Color is a clear pastel lavender. For a large Dahlia, the stem is exceptionally good, and the foliage and habit of growth are excellent. **Plants \$5.00, Roots \$10.00**

MARDI GRAS. F. D. (*Diggle*). A bold flower of the American Beauty shade. Blooms are held on long stems well above the foliage. Bush tall and rugged and stands good culture. A striking flower in the garden or showroom. **Plants \$2.50, Roots \$5.00**

MILDRED BROOKS HOOVER. I. D. (*Broomall*). Color is a spinel red. A most distinct and refined flower of large size and splendid form. **Plants \$3.75, Roots \$7.50**

MINNIE EASTMAN. S. C. (*Eastman*). The color of this distinguished flower is a bright flame, with undershadowings of deep yellow. The plant is unusually vigorous, rather tall growing, and produces its bloom in the greatest profusion, on long stiff stems above the foliage. **Plants \$2.50, Roots \$5.00**

MONMOUTH CHAMPION. F. D. (*Kemp*). A consistent prize winner in every show of any importance in the east, and many times came out with the sweepstakes and other leading prizes. It instantly found favor with all who saw it by its great size and brilliant flame color. It is the only Dahlia we know in its color. **Plants \$3.75, Roots \$7.50**

MRS. ALFRED B. SEAL. I. D. (*Seal*). One of the outstanding Dahlias in our gardens last season. It is a rich old rose in color and impressive in form and size. A Dahlia that should be grown by everyone who wants to have the best. **Plants \$5.00, Roots \$10.00**

- PENN CHARTER.** F. D. (*Lyndora*). Strong grower, with heavy foliage, deep clean flowers of great beauty. Color rich gold blended with apricot, a brilliant color in both garden and house. **Plants \$3.75, Roots \$7.50**
- REGAL.** I. D. (*Boston*). A different combination of Autumn shades; bronze, heavily suffused with dull old rose, and shading to gold at the base of the petals, giving an effect of burnished copper. Winner of medals and cups on the Pacific Coast. **Plants \$2.50, Roots \$5.00**
- ROSINA MEHAFFEY.** I. D. (*Broomall-Success*). A good, vigorous grower that is practically insect proof. Color is a tyrian pink. Fine strong stems holding the large blooms erect. A good novelty and one of the big ones. **Plants \$5.00, Roots \$10.00**
- ROTFEUER.** Str. C. One of the outstanding novelties in our garden last season. The bright scarlet flowers average about four inches in diameter. One of the best for table and basket arrangement. **Plants \$1.00**
- SANHICAN'S QUEEN.** F. D. (*F. & M.*). An unusual color that is hard to describe. A blending of apricot with a faint brushing of carmine rose deepening towards the tight center. Plant has excellent habit of growth and of medium height. **Plants \$1.50, Roots \$3.00**
- SEAL'S CALIFORNIAN.** I. D. (*Seal*). One of the best in the Autumn colors. A fine exhibition flower in the garden. This variety attracted a great deal of attention in our gardens the past season. **Plants \$2.50, Roots \$5.00**
- SOLLUX.** F. D. (*Kennedy*). Another fine Dahlia. Our introduction for 1931. A genuine yellow that suggests by the name the brightness of sunlight. It might be called a yellow Elite Glory, for the blooms are shaped very much like that variety, with more depth. Its all-around splendid qualities make it an ideal garden and exhibition flower. One of the Roll of Honor Dahlias for 1931. **Plants \$5.00, Roots \$10.00**
- STARLIGHT.** S. C. (*Bessie Boston*). Pure unshaded gold is the color. It is a gold shade that combines with everything in the average house decorations. Flowers are large and bushes are fairly tall, robust and branching. **Plants \$3.75, Roots \$7.50**
- SULTANA.** F. D. (*Ballay*). Bright scarlet, shading to a gold center, the brightest color imaginable, of velvet like texture, reverse of petals also gold. This is one that is hard to beat in its class and has every good quality. **Plants \$3.75, Roots \$7.50**
- THE WORLD.** F. D. (*Dahliadel*). Dark rich velvety maroon, pointed with silver. One of the outstanding varieties at the principal shows the past season. **Plants \$2.50, Roots \$5.00**
- THOMAS A. EDISON.** F. D. (*Dahliadel*). Color is a royal purple. The staghorn petal formation, the dark green insect resistant foliage, the cane-stiff stems, and its thrifty growing habit, leave nothing to be desired. **Plants \$5.00, Roots \$10.00**
- TREASURE ISLAND.** F. D. (*Dahliadel*). A friendly, cheerful sort of Dahlia that one likes, because of its distinctive gold and rose coloring and clean cut form. A wonderful cut flower variety. **Plants \$2.50, Roots \$5.00**
- WATCHUNG WONDER.** I. D. (*Smith*). One of the richest colored red Dahlias. A magnificent Dahlia in appearance and growing habits. It was a consistent winner in specimen classes during the past season. **Plants \$3.75, Roots \$7.50**
- WESTERN GIANT.** I. D. (*Lee*). Color is very bright orange with tints of gold, reverse of petals being salmon rose. Long, strong stems, holding the big blooms up to look you in the face. **Plants \$3.75, Roots, \$7.50**

General List of Decorative Dahlias

Here we offer the popular varieties of Decoratives that have proven satisfactory during many years' trials. The demand for them continues with unabated interest. For bold massing effects and for general utility purposes they stand unrivalled. Many of those listed now were the "sensations" of yesteryear and take their permanent places in the ranks of ever popular Dahlias.

F. D. Formal Decorative

I. D. Informal Decorative

- AMARANTHUS.** I. D. Color is an Amaranth pink. Flowers are large and supported by good stems. **Plants \$1.50, Roots \$3.00**
- AMARILLO GRANDE.** I. D. Color is a light yellow. Flowers are enormous and produced in abundance. This Dahlia won many prizes during the past season, often for the largest and best bloom. **Plants 75c., Roots \$1.00**
- AMAZON.** F. D. Bright coral pink, deeper at the center, and with a suffusion of pale gold on the inner petals. Visitors were greatly attracted by the beautiful coloring and the wealth of bloom. It is a fascinating cut flower and distinctive on the exhibition table. **Plants \$1.00, Roots \$2.00**
- AZTEC GLORY.** I. D. Flowers are of a rich clear golden yellow, without tints or blends. One of the "big fellows." And when the blooms attain large size the flower has an added distinction in the curl of the end of the petal. **Plants \$1.50, Roots \$3.00**
- BARBARA REDFERN.** F. D. Color is a combination of old rose and gold. The outside of the petals is dull gold, the reverse is delicate old rose. Owing to their formation both colors show at once. A clean healthy grower, blossoms early and blooms continuously on fine, strong stems. **Plants \$1.00, Roots \$3.00**
- CHAMPAGNE.** F. D. A fine flower on upright, stiff stems. Coloring is rare—a dull gold varying to chamois. **Plants 50c., Roots 75c.**
- CHANG.** F. D. Burnished copper and gold of oriental blending and lustre. Grows on top of a long and extra strong stem on a rather tall bush which bears the blossoms freely. Petals never burn or wither. **Plants \$1.50, Roots \$3.00**
- CHARLES STRATTON.** I. D. A grand exhibition, fluffy informal decorative which has won many prizes. Color is pale gold shaded and tipped with old rose. **Plants 50c., Roots 75c.**
- CHARM.** F. D. Burnt orange, shading to yellow. Stems good, free flowering and a good keeper. **Plants 50c., Roots 75c.**
- CITY OF TRENTON.** I. D. Face of petals, a rich glowing tangerine, reverse crushed strawberry red. Petals curl gracefully, giving a two-tone effect. **Plants \$1.50, Roots \$3.00**
- COLOR SERGEANT.** I. D. Color is a deep rich, deep salmon bronze of one shade. Good strong grower of excellent habits and perfect stem. We heard many favorable comments on this Dahlia during the past season. Scored 87 at New Jersey Trial Grounds. **Plants \$1.25, Roots \$2.50**
- CORAL GEM.** I. D. A most attractive shade of soft coral-pink; flowers of medium size held erect on good stems. A free bloomer of good habit. **Plants 75c., Roots \$1.00**
- DERRILL W. HART.** I. D. This Dahlia was one of the best growers in our gardens the past season. Color is a copper, shading to henna and brown, the center petals showing a decided golden tint. A wonderful grower, with no apparent attraction for insects. **Plants \$2.50, Roots \$5.00**
- CREOLE.** I. D. Deep velvety maroon. A slight twirl to each petal lends a similar effect to the whole flower. Good centers and a good bloomer. **Plants \$2.50, Roots \$5.00**
- DAKOTA.** F. D. Flame color, a good exhibition flower. Vigorous grower and fine stem. **Plants 50c., Roots 75c.**

ELITE GLORY

ELITE GLORY. F. D. This Dahlia was a consistent prize winner throughout the country during the past season. From all parts have come reports of wonderful success with Elite Glory, both in the garden and showroom. The massive blooms of radiant bright red are held perfectly erect on strong, cane-like stems. Tough leathery foliage makes it practically immune from attacks of insects. It is considered by experts the most distinctive Dahlia to date.

Plants \$1.00, Roots \$1.50

ELITE PEACH

ELITE PEACH. F. D. A fine exhibition formal Decorative that has won high honors wherever shown. The fine blooms are of a salmon buff or peach blossom pink and are held well above a vigorous growing bush, on long rigid stems. A one tone flower of exquisite charm and beauty. This Dahlia was greatly admired at the shows and in our gardens the past season. Its fine blooming qualities and good habit of growth make it one of the most distinctive Dahlias in our display garden.

Plants \$1.00, Roots \$1.50

ELITE SURPRISE. I. D. A rich deep red Informal Decorative of fine form. It is a much admired flower of vigorous growth with good habit, and strong stems holding perfectly erect the large blooms, which are full to the center and produced in abundance until frost. As a long keeping cut flower it is unsurpassed. The blossoms do not burn in the sun.

Plants \$1.00, Roots \$1.50

- ELKRIDGE.** I. D. A pure white Dahlia of good form. Petals are gracefully curved and of good substance. The flowers are of good size, borne on splendid stems. A splendid keeper when cut. **Plants 75c., Roots \$1.00**
- ELLINOR VANDERVEER.** F. D. A Dahlia of exquisite beauty and large size, having every desirable quality. The large blooms are of a glowing, satiny, rose pink. **Plants 50c., Roots 75c.**
- ELIZA CLARK BULL.** F. D. This is one of the biggest and deepest flowers of its class. The form is perfect and the petals are just enough irregular to prevent it from being stiff. Color is a clear white. **Plants 75c., Roots \$1.00**
- E. T. BEDFORD.** F. D. Fine exhibition flowers of purple with a lighter shading giving it the appearance of a silvered purple tone. **Plants 50c., Roots 75c.**
- FAITH GARABALDI.** F. D. Deep rose colored bloom of great depth as well as large size, on long stems, make this a Decorative worth growing. **Plants 75c., Roots \$1.00**
- FORDHOOK GOLDCREST.** I. D. Color is salmon pink toned with bright red and deeper salmon reverse. **Plants \$1.00, Roots \$2.00**
- FORT MONMOUTH.** I. D. The predominating color of this Dahlia is a rich crimson maroon with a hue of bluish violet at tips of petals. The flowers are well formed, full centered, of true Informal Decorative type and immense size. Free bloomer and foliage is dark green. **Plants \$2.50, Roots \$5.00**
- FORT WASHINGTON.** F. D. A strong growing plant, with immense flowers of very deep velvety maroon. A sensational flower wherever grown or exhibited. **Plants \$1.00, Roots \$2.00**
- GALLI CURCI.** I. D. A strong semi-dwarf grower. Blooms large, carried on long sturdy stems. Color brilliant salmon-orange with gold suffusion. **Plants \$1.50, Roots \$3.00**
- GOLDEN EMBLEM.** I. D. The flowers, which have a fine formation, are a deep rich golden yellow. The stems are good and the foliage is strong and healthy. **Plants 75c., Roots \$1.00**
- GOLDEN FLEECE.** I. D. An exceptionally magnificent blossom of a rich, creamy, golden yellow with a satiny sheen, frequently tipped with white, giving it a silvery, frosted appearance. **Plants 75c., Roots \$1.00**
- GRANDOLA.** I. D. One of the outstanding Dahlias in the garden. Color is a brilliant orange. The blooms are held erect on fine, long stems. A tall grower of fine habits. **Plants \$1.00, Roots \$1.75**
- HARRY MAYER.** F. D. One of those varieties that catches the eye in the showroom or garden. Color is a silver lavender with the reverse of the petals deep lavender. Sturdy growing habit and heavy texture. **Plants \$1.00, Roots \$1.50**
- HERALD TRIBUNE ELITE.** I. D. A rich, pure white flower of splendid form and wonderful keeping qualities. Blooms are held erect on fine stems. A thrifty grower with dark green foliage. **Plants 75c., Roots \$1.00**
- JERSEY'S BEACON.** F. D. Chinese scarlet with a paler reverse, giving a two toned effect; very large flower, vigorous grower and has an excellent stem. **Plants 50c., Roots 50c.**
- JERSEY'S BEAUTY.** F. D. A real rose pink of excellent formation and borne on a wonderful stem. **Plants 50c., Roots 50c.**
- JERSEY'S DAYBREAK.** F. D. Cameo pink shading to creamy yellow in the center. The flowers, of medium size and splendid formation, are supported on fine strong stems. **Plants \$1.00, Roots \$2.00**
- JERSEY'S EMPRESS.** I. D. Anthracene violet in color, the flowers of this variety have a very pleasing formation, having narrow and wavy petals; the flowers are large and of great depth. **Plants 75c., Roots \$1.00**
- JERSEY'S IDEAL.** I. D. Dark lavender pink is the nearest approach to the color of this attractive variety. The flowers are very large and of splendid formation. **Plants 75c., Roots \$1.00**

- JERSEY'S MASTERPIECE.** I. D. Large exhibition flower of soft strawberry pink, suffused gold at base of florets. Almost the same formation as *Insulinde*, but the color is more beautiful. Good stem, and the foliage is thick in texture.
Plants \$1.50, Roots \$3.00
- JERSEY'S SOVEREIGN.** I. D. A new shade of color hard to describe. Salmon orange is the nearest one can come to it. A vigorous grower with very dark foliage, flowers of good size, on good stems.
Plants 50c., Roots 75c.
- JOVE.** I. D. A beautiful bronze pink flower. Is large and of good substance, held erect on strong stems.
Plants \$1.00, Roots \$2.00
- JUDGE MAREAN.** I. D. A glowing salmon pink with a touch of watermelon-red exquisitely blending to iridescent orange, yellow and pure gold. **Plants 50c., Roots 75c.**
- KEMP'S VIOLET WONDER.** I. D. The best violet colored Dahlia to date. The predominating color is a rich naphthaline violet with underlying tone of royal purple, lightening to bluish violet at tips of petals, with deep lavender reverse. The strong, vigorous growing plants produce blooms of massive size on fine strong stems.
Plants \$2.50, Roots \$5.00
- LAVENDULA.** I. D. One of the largest lavender Dahlias on the market. The color is a pleasing shade of lavender. Immense blooms are held erect on good stems above strong bushes.
Plants \$1.00, Roots \$2.00
- MARGARET MASSON.** F. D. A splendid variety that has made good. The color is a beautiful silvery rose pink. The blooms are of large size and great depth and are produced in abundance on fine upright stems.
Plants 50c., Roots 75c.
- MARGARET WOODROW WILSON.** I. D. An exhibition type of large size and great beauty. Color is opalescent pink. Face of petals creamy white, reverse Phlox pink, the reflection from reverse of petals giving the whole flower an opalescent effect.
Plants \$1.00, Roots \$1.50
- MARMION.** I. D. The color is a pure golden yellow, with bronze suffusion on reverse of petals and a deeper bronzy tone on the high center, and outlining each petal. Vigorous growing bush and good free bloomer.
Plants \$1.00, Roots \$1.50
- MAY TROWER.** I. D. A large, deep, artistic flower, ranging in color from palest gold to a deep golden apricot. Blooms are held erect on good stems.
Plants \$1.50, Roots \$3.00
- MORDELLA.** F. D. A truly artistic Dahlia of a beautiful bright shade of apricot buff. Flowers average nine inches across and are held well above the foliage on extra long stems. Plants are free bloomers and vigorous growers.
Plants 75c., Roots \$1.00
- MR. ALEX. WALDIE.** I. D. Flowers are large, held above the foliage on fine stems and the coloring is unsurpassed, a creamy ground overlaid with delicate salmon pink.
Plants 50c., Roots 75c.
- MR. CROWLEY.** F. D. The exquisite color of this Dahlia is most remarkable, being the brightest, most glowing shade of salmon pink; the base of the petals is yellow.
Plants 50c., Roots 75c.
- MRS. E. L. LINDSEY.** I. D. Scarlet and gold, the gorgeous coloring of the well known "Geisha" reproduced in an enormous full centered Informal Decorative.
Plants 50c., Roots 75c.
- MRS. ELEANOR MARTIN.** I. D. A large, evenly petaled flower of a shade which might be described as mulberry suffused with tan, each petal showing a violet stripe that adds a lot of charm to the usual color scheme.
Plants 75c., Roots \$1.50
- MRS. I. de VER WARNER.** F. D. Delightful color, of soft orchid or deep mauve. Stems are good. Bushes sturdy and produce flowers very freely.
Plants 50c., Roots 50c.
- MRS. SHIRLEY SHAW.** I. D. Color is ox-blood red, shaded maroon. A broad petalled, heavy textured flower of upright, regal appearance.
Plants \$2.50, Roots \$5.00
- NANCY SUE LANG.** I. D. A beautiful color combination of red copper and gold. It is a most spectacular garden flower, because of the several big blooms that can be produced at one time.
Plants \$1.00, Roots \$2.00

NETAWAKA. I. D. Orange yellow base shading to jasper red. Reverse of petals bright carmine. The petals are twisted so that the reverse color is very much in evidence.

Plants \$2.50, Roots \$5.00

OLIVE REED. F. D. A beautiful Dahlia of a clear and pure shade of yellow. One of the finest yellow Dahlias to date. A vigorous grower with flowers held erect on strong, stiff stems. There was much favorable comment on this Dahlia in our gardens and at the various shows the past season.

Plants \$1.00, Roots \$2.00

PRIMULA REX. I. D. This is a spectacular Dahlia in every respect due to its clear primrose color, fine form and distinctive appearance. This massive Dahlia has made good in every garden and was a prize winner at most of the shows.

Plants \$1.00, Roots \$1.50

QUEEN OF THE GARDEN BEAUTIFUL. F. D. The form of this Dahlia alone makes it a distinctive flower, with its large center and wide petals. It is an immense lemon yellow blossom, held erect on strong, stiff stems. A big prize winner last season.

Plants \$1.00, Roots \$1.50

ROBT. SCOTT. F. D. A very beautiful apricot yellow with rose shadings and extra large bold flowers. Excellent stems and a fine bloomer.

Plants \$1.00, Roots \$1.50

ROSE FALLON. F. D. The color is dark orange, tinted with amber and salmon and is both pleasing and effective. Massive blooms stand well above a vigorous growing bush.

Plants 75c., Roots \$1.00

SAGAMORE. F. D. An exceptionally fine exhibition or cut flower of a golden amber, shaded toward the center with a warm salmon-rose or orange buff. The straight stems and wonderful keeping qualities make this a desirable flower.

Plants 50c., Roots 75c.

SANHICAN'S MAGNET. I. D. Pale amaranth pink; face of petals tinged with a deeper shade; reverse of petals a solid claret color, heavily veined. A free bloomer, with flowers held erect on fine strong stems.

Plants \$1.00, Roots \$1.50

SANHICAN'S NYMPH. I. D. Color is a rich primrose yellow with the reverse of petals faintly touched with fawn rose, the latter color being more perceptible on the center petals as they open.

Plants \$1.50, Roots \$3.00

SANHICAN'S ROSE. F. D. Color is a clear, deep rose pink. Flowers are held erect on rigid stems and are a joy to behold in the garden on account of the many blooms out at the one time.

Plants 50c., Roots 75c.

SEAL OF CONNECTICUT. F. D. Large flower of clear golden yellow color of most pleasing appearance. A free bloomer and a vigorous grower.

Plants \$1.00, Roots \$2.50

SHIRLEY EILEEN SHATTUCK. I. D. Color is a clear lavender. Vigorous growing bushes and abundance of bloom.

Plants \$1.00, Roots \$1.50

SUSAN G. TEVIS. I. D. Recommended for all purposes. This fine introduction is a rich lilac which deepens at the perfect center. The blooms are held upright on long, stout stems.

Plants 50c., Roots 75c.

TOM HAY. F. D. A large well formed Decorative of a pleasing shade of lavender pink. It is a strong, sturdy grower. Excellent as a garden and exhibition variety.

Plants \$1.00, Roots \$2.00

TRENTONIAN. F. D. A truly great flower is this big even petalled Formal Decorative. The color is that of an "Indian's Skin," a wonderful blending of old gold, amber and coppery bronze, with a central zone of bronze, the whole forming a flower of marvellous brilliancy.

Plants 50c., Roots 75c.

VALESKA. I. D. Color is a deep lilac. There is no variation in color, unless perhaps the lilac shade slightly deepens at the center. The stem is first class and the growth of the plant luxuriant in the production of fine blooms.

Plants \$1.50, Roots \$3.00

- WALDHEIM SUNSHINE.** I. D. Color is a true deep yellow, with darker reflex. There is a rich golden suffusion around the beautiful high center. The form is good, with long, wavy, twisted and whorled petals, which relieve the immense size from stiffness. A free bloomer, with fine, strong stems. **Plants \$2.50, Roots \$5.00**
- WANDA MILLER.** F. D. Color is a deep purple with white tips. Medium sized flowers held erect on strong stems. It never sports to solid color. **Plants \$1.00, Roots \$2.00**
- WATCHUNG SUNRISE.** F. D. An unusual Dahlia in color and form. Color is a golden amber with reverse of petals showing rose-pink. Each petal has a narrow clear margin of rose-pink. The flower is large and deep with the back petals curving almost to the stem. **Plants \$1.25, Roots \$2.50**
- WILLIAM H. HOGAN.** F. D. One of the best variegated Dahlias. Color is garnet red with white tips running down the center of the petals. It does not revert to the solid color. **Plants \$1.75, Roots \$3.50**
- WORLD'S BEST WHITE.** I. D. Splendid large flowered white, fine stems, good grower and free bloomer. **Plants 75c., Roots \$1.00**
- YELLOW BEAUTY.** F. D. (*Wood*). This Dahlia while primarily a commercial Dahlia, can be grown to exhibition size, some blooms going to nine inches across and from four to five inches in depth. It is predicted that this splendid new yellow will be in the yellow class what "Jersey's Beauty" is in the pink. **Plants \$2.50, Roots \$5.00**

Cactus Dahlias

The Cactus Dahlias are quite distinct in formation from the Decorative. They have a charm about them that appeals to lovers of the unusual.

Inc. C. Incurved Cactus

- ADELINE LORBEER.** Str. C. Color is spectrum red, without shading; the medium large flowers are produced on fine stems. Stands hot sun without bleaching or burning and keeps well as a cut flower. **Plants \$1.00, Roots \$1.50**
- ALEX. KENNEDY.** Inc. C. Large, deep crimson with extra long stems, resembles F. W. Fellows in form. **Plants 75c., Roots \$1.00**
- AMBASSADOR.** Str. C. The finest of all Cactus Dahlias. The color is a soft yellow buff shaded salmon pink; flowers of pleasing form and enormous size, the splendid flowers being held erect well above the foliage on the strongest stems ever seen on a Cactus Dahlia. **Plants 75c., Roots \$1.00**
- EAGLE ROCK GEM.** Str. C. Maize-yellow shaded orient pink. Color is very unusual and pleasing. Habit is good, the flowers always standing perfectly erect. **Plants \$2.50, Roots \$5.00**
- ELITE GEM.** Str. C. A true *American Cactus* of fine form. Winner in the Cactus classes at New York, Trenton and Atlantic City. Medium sized blooms are supported on fine stiff stems. Color is spinel pink blush on primuline yellow at the base; reverse rosaline purple. The plant is a vigorous grower and blooms continuously throughout the season. **Plants \$1.00, Roots \$1.50**
- FAIR ELAINE.** Str. C. Delicate old rose. A good variety that closely resembles the American Cactus type in formation. A good free bloomer and good growing habit. **Plants \$2.50, Roots \$5.00**
- FARNCOT.** Inc. C. This variety always attracts attention wherever grown or shown. The color is aster purple, tipped white, flowers of perfect form carried on top of stiff stems. **Plants 75c., Roots \$1.00**
- JEAN CHAZOT or GAY PAREE.** Str. C. This has been well described as "an autumn tinted Dahlia." The color is a golden bronze heightened by a suffusion of Nasturtium red. **Plants 50c., Roots 75c.**

ELITE GEM

MARIAN BROOMALL. Str. C. A two-toned flower of dark lavender pink and white. Large blooms held erect on strong stems above a vigorous growing bush.

Plants \$1.00, Roots \$1.75

MRS. ETHEL F. T. SMITH. Str. C. Creamy white, shading to a lemon tint in the center. Petals rather broad and similar to "Gladys Sherwood" in shape and size.

Plants 50c., Roots 75c.

SANDY. Str. C. A Cactus of superb form and color. The plant is of splendid habit. Color, light amber with brown tints. Good stem and free flowering.

Plants 50c., Roots 75c.

DAHLIA SEED

Wonderful Dahlias may be grown from seed and they will bloom the first season, making as large plants and roots as if grown from bulbs. Bear in mind that each seedling will be a new variety. This makes it the most fascinating part of growing Dahlias.

Package of 50 seeds, \$2.50

Semi-Cactus Dahlias

ALICE VOISINET. The color is bronze and copper shading to buff and henna, with a beautiful golden sheen. The flower is very large with perfect form and extra good stems. The foliage of the plant is very dark, being different from any other Dahlia.

Plants 50c., Roots 75c.

ALICE WHITTIER. A very large deep bloom; with stiff stem and good habits of growth. Color is a delicate shade of primrose yellow.

Plants \$1.00, Roots \$1.50

ATTRACTION. Flowers of large size, clear rosy lilac, strong stems and good bloomer; one of the very best cutting Dahlias.

Plants 50c., Roots 75c.

COL. CHAS. A. LINDBERGH. A fine Semi-Cactus of a beautiful rose "du Barry" shade overlaid and suffused with old ivory, shading off to old gold at the center. An early and free bloomer. Stems rigid and straight, dark green foliage and of good habit and growth.

Plants \$1.50, Roots \$3.00

CONQUISTADOR. Soft creamy yellow, shading to a glowing pink at the base of petals. The pink coloring is very pronounced, and gives a glowing effect to the bloom. A free bloomer of good habit.

Plants \$2.50, Roots \$5.00

EAGLE ROCK BEAUTY. The color is a beautiful combination of pink and cream. The free growing bushes produce an abundance of blooms.

Plants \$1.25, Roots \$2.50

EDNA FERBER. An exhibition Semi-Cactus Dahlia of good form. Color, a glistening coral shading to old gold at base of petals, which are curled and twisted, making a very full flower.

Plants \$1.00, Roots \$2.00

ELSIE DANIELS. Pale orchid shade on the outer petals which are long and shaggy, the center ones are white, making a most wonderful combination of colors.

Plants 75c., Roots \$1.00

EMMA MARIE. Color, a delightful shade of bright pink described as clear rose, with a creamy white center. Fine for exhibition and a wonderful cut flower.

Plants 50c., Roots 75c.

ESTHER R. HOLMES. Orchid pink flower of good size and wonderful depth. Very prolific bloomer with excellent stems.

Plants 50c., Roots 75c.

GLADYS SHERWOOD. An immense cream-white blossom, very deep and full to the center, having long, wide satiny-pointed petals that glisten in the sun.

Plants 50c., Roots 75c.

ISLAM PATROL. Very dark velvety scarlet tipped and flushed with gold. Wonderful long stem; especially fine keeper for exhibition purposes.

Plants 75c., Roots \$1.00

JEAN HARE. When the flower first unfolds it is a beautiful golden yellow. As it matures it becomes an apricot-buff and the outer row of petals a golden bronze.

Plants \$1.50, Roots \$3.00

JERSEY'S RADIANT. An exceptionally appropriate name, a radiant Dahlia of bitter-sweet orange, produced on long stiff stems held well above the foliage. A fine exhibition variety.

Plants 50c., Roots 75c.

MY MARYLAND. A graceful Semi-Cactus of rich bright pink, with each petal tipped with ivory both at the center and on the outside of the flower. The flowers are large and are on good stems. The plant is rugged, with leather-like foliage.

Plants \$2.50, Roots \$5.00

NORDIC. Light copper with a light rose reverse and slightly suffused with rose. Plant is a tall robust grower, holding the flowers straight up on long stems.

Plants \$1.50, Roots \$3.00

PROFUSION. A pure white of medium size. Flowers are produced in such profusion that they cover the plant with a mass of white, making it popular as a bedding variety.

Plants 75c., Roots \$1.00

SOLE MIO. The color is a rich, deep yellow, with a suggestion of apricot. The stems are perfect and hold the flowers boldly above the strong, low growing bush. An excellent variety either for garden or exhibition purposes.

Plants 75c., Roots \$1.00

Pompon Dahlias

The Pompon Dahlias are coming back into favor, more and more, each year; they are particularly attractive to ladies, who admire their brilliant colorings, and the stiff long stems, which enable one to arrange them so easily in flower holders and vases.

"The Old-Fashioned Flowers"

Hardy Perennials

Hardy Perennials are like old family friends; they never leave us, but grow more and more beautiful and beloved as the years roll by. Year after year they come up to greet us with the charming beauty and gorgeous coloring of their flowers and foliage, just as they greeted our mothers in the days of yore. Where can one find plants so attractive, so appealing to the eye, which can be put to so many uses? For the border they are most satisfactory, for filling in the front of shrubbery they are unexcelled, for massing on the lawn they are superb, while for cutting they are superlative.

With little care you can have a profusion of interesting and enchanting blooms from early April to late November. Prolong the blooming period by keeping the flower stalks cut out close to the ground and not permitting them to form seed. Most early flowering varieties will bloom again in the Fall if cut back close after their first blooming period. After the first hard frost in the Fall, cut down the tops to within three inches of the ground and give the bed a good coat of half-rotted manure which will protect the plants and enrich the soil; dig this under in the Spring before the new growth starts.

PRICES—All perennials (unless otherwise noted) Each 20c., doz. \$2.00, 100 \$14.00

ANEMONE

ACHILLEA (Milfoil)

Millefolium roseum (Cerise Queen). 18 inches. Large flat heads of bright cherry red flowers on slender, stiff stems, in great profusion from early June until Autumn.

Ptarmica fl. pl. (The Pearl). 12 to 18 inches. Clusters of white, perfectly double flowers all Summer. Excellent for cutting.

Ptarmica Boule de Neige. 15 to 18 inches. The finest of all the Achilleas. Produces larger and more perfect white flowers than "The Pearl"; splendid for cutting.

AGROSTEMMA (Lychnis)

Coronaria. Mullein pink. Rich crimson produced in great profusion; silvery foliage.

ALYSSUM (Madwort)

Saxatile compactum (Dense Goldentuft; Basket of Gold). 9 inches. Flat clusters of small, cheerful light yellow flowers in early Spring, so numerous as to envelop the plant; has small, pretty glaucous leaves.

ANCHUSA

Italica (Dropmore Variety). One of the most valuable of the recent introductions. The plants are vigorous and branching, growing from three to five feet in height. The flowers are borne on long pyramidal, graceful spikes; color beautiful clear, bright blue—a shade peculiar to this variety. Its blossoming season is in June and July.

Myosotidiflora. An entirely different and distinct dwarf species from the Caucasian mountains, growing but 10 to 12 inches high, producing during April and May sprays of beautiful Forget-me-not flowers of a rich hue.

ANEMONE

Japanica alba (Japanese Anemones). 18 inches. Large pure white flowers with yellow stamens.

Queen Charlotte. 2 feet. Produces beautiful semi-double pink flowers of extra large size, often four inches across.

Rosea superba. 18 inches. Valuable for its fine form and beautiful delicate rose color.

Rubra superba. The fine deep red form.

Whirlwind. 18 inches. Semi-double pure white flowers, two to three inches across.

Each 25c., doz. \$2.50, 100 \$15.00

ANTHEMIS (Chamomile)

Tinctoria (Golden Marguerite). 2 feet. A bushy plant with dark green, finely cut foliage and clear golden-yellow flowers. June-July.

AQUILEGIA (Columbine)

Old-time favorites. Thrives in all soils, even though wet and shaded.

Canadensis. 18 inches. Bright red and yellow flowers on long stems.

Chrysantha. 18 inches. Flowers of rich golden yellow; blooms for two months.

Coerulea. 18 inches. Blue flowers with a white corolla; very beautiful.

Long Spurred Hybrids. 18 inches. The finest of the Columbines. The large flowers are of varied shades of blue, lavender, red and white.

AQUILEGIA, LONG SPURRED HYBRIDS

ARABIS (Rockcress)

Alpina. One of the most desirable of the very early Spring flowering plants that is especially adapted for edging and for the rock garden, but does equally well in the border, forming a dense carpet, completely covered with pure white flowers. Excellent for cutting, lasting a long time in bloom. Blooms in early Spring.

ARTEMISIA

Lactiflora. A desirable new border plant, with large branching panicles of creamy white flower heads; 4 to 5 feet high. Produced in later Summer; fragrant.

Silver King. One of the outstanding and truly meritorious novelties among hardy plants introduced during the past few years. Wonderful for cutting and lasts months in the dried state. Flowers white in fluffy spikes. **Each 35c., doz. \$3.50**

ARMERIA (Sea Pink or Thrift)

Lauchena. Attractive dwarf plants that will succeed in any soil, forming evergreen tufts of bright green foliage, from which innumerable flowers appear, in dense heads, on stiff wiry stems, from 9 to 12 inches high. They flower more or less continuously from early Spring until late in Fall. Very useful in the rockery as well as in the border.

ARABIS ALPINA

ASCLEPIAS TUBEROSA

ASCLEPIAS (Butterflyflower)

Tuberosa. 2 feet. Although occasionally found in fields and meadows throughout the United States, this is one of the most unique and showy of all hardy flowers. Thrives in all soils and produces numerous large, compact, flat heads of bright orange-yellow flowers—a color found in no other perennial.

ASTER (Michaelmas Daisy)

These Hardy Perennial Asters should not be confused with the large-flowered double China Asters, which are annuals. They are among the best of late Fall flowers.

Anita Ballard. Light lobelia blue, early and free; 3 feet.

Belgian Queen. Attractive bluish lilac; 4 feet.

Blushing Bride. White with just a tint of pink; 3 feet.

Capitaine. Light lavender blue; 4 to 4½ feet.

The President. Large light bluish-violet; 4 feet.

CAMPANULA MEDIA

ASTILBE (Spiraea)

Gladstone. A great improvement upon the well known *Astilbe* or *Spiraea japonica*; producing lace-like spikes of bloom.

Each 50c., doz. \$5.00

Queen Alexandra. A beautiful *Astilbe* with soft dainty pink flowers. In habit it is quite like the type and perfectly hardy.

Each 50c., doz. \$5.00

BAPTISIA (False Indigo)

Australis. 3 feet. A stately species with dark green leaves and many large spikes of showy dark blue flowers in Summer.

BUDDLEIA (Butterflybush)

Magnifica. The long, graceful spikes of flowers are of a pleasing rich violet-rose and are produced in profusion from early June until late Autumn.

Splendid large plants, 50c. each

CANTERBURY-BELLS

(*Campanula media*)

An old favorite, known also as cup-and-saucer. Grows 2 to 3 feet high and blooms incessantly through July and August, with a marvelous profusion of lovely bell-shaped flowers.

In separate colors: Blue, Rose and White, each 25c., doz. \$2.50

CAMPANULA

(Harebell or Bellflower)

Percifolia (Peachleaved Harebell). 18 inches. Of erect habit, producing large, bright blue bell-shaped flowers, on slender graceful stems. It flowers freely and for a long time. Each 25c., doz. \$2.50

Persicifolia alba. Exactly like the type, except the flowers are pure white.

Each 25c., doz. \$2.50

CARYOPTERIS

Mastacanthus (Blue Spiraea). A handsome Hardy Perennial, grows about 3 feet high and produces rich lavender blue flowers in great profusion the whole length of the branches. A valuable plant either for bedding or pot culture, blooming continuously from early in September until cut by frost. Each 25c., doz. \$2.50

CONVALLARIA (Lily-of-the-valley)

This universal favorite scarcely needs description. Succeeds best in partial shade, in rich soil with plenty of manure. We offer American grown plants of the giant-flowered variety, 8 to 10 inches.

Each 15c., doz. \$1.50; strong clumps each 30c., doz. \$3.00

COREOPSIS

Lanceolata (Goldenwave). 2 to 3 feet Probably the best of all hardy yellow flowers for massing. Blooms constantly from June until frost with large, daisy-like flowers on slender, wiry stems.

CONVALLARIA, LILY-OF-THE-VALLEY

HARDY CHRYSANTHEMUMS

DELPHINIUM

SHASTA DAISIES

HARDY CHRYSANTHEMUMS

Adelaide. Deep, rich mahogany; one of the earliest to develop.

Bronze Doty. Deep terra cotta bronze.

Cora Peck Buhl. Deep yellow.

Capt. Cook. Clear deep rose.

Baby. Everybody's favorite. The smallest yellow variety grown.

Bronze Buckingham. Single bronze.

Excelsior. Aster flowered. Bright yellow. One of the best.

Ermalinda. Early pink.

Frank Wilcox. Aster flowered. Bronze. Midseason.

Jules Lagravere. Large flowered. Deep garnet.

Lilian Doty. Large flowered, early pink. One of the best.

Mrs. Buckingham. Midseason, pink, single.

Mrs. Frank Wilcox. Reddish orange; splendid variety for Thanksgiving use.

Novine. Small flowered yellow.

New York. Bronze. Flowers November 1st.

Red Doty. Wine red, a duplicate to Doty in form and habit.

White Doty. A sport of Lilian Doty and a duplicate of the parent in every way, except in color, which is a pure milkwhite.

Queen of the Whites. Fine, creamy white, best in its color in the small types.

DAISY (Hardy Daisy)

Shasta Daisy. 9 to 12 inches. Luther Burbank's Hybrid Daisy. The flowers are of great substance, on long stems, with numerous petals of pure white and bright yellow centers.

Alaska. 12 to 15 inches. An improvement upon the popular Shasta Daisy, with long, graceful white petals.

DELPHINIUM (Larkspur)

The Perennial Larkspurs are among the most showy of hardy flowering plants.

Belladonna. 3 feet. Pure turquoise blue; a continuous free bloomer from July until frost.

Bellamosa. 3 to 4 feet. Similar in form to Belladonna. Color is dark blue. It is not subject to mildew.

Hybridum (English Larkspur). 3 to 5 feet. Justly celebrated, for it unites great size of flowers with beauty of color. Exquisite flowers in varied shades of blue, and others of deep indigo and violet metallic hues.

Chinense. 18 inches. A very graceful semi-dwarf variety, with intense gentian blue flowers in open panicles, and finely cut foliage.

Chinense alba. 18 inches. Flowers snow white.

Woodacre Hybrids. An extra select strain from one of the finest collections in the world. Colors vary from pale blue to dark purple. **Each 35c., doz. \$3.50**

DIANTHUS (Hardy Pinks)

Abbotsford. Carmine pink; large flowers.

Arthur. White, with dark maroon center.

Semperflorens. Double pink flowers, produced throughout the Summer. Very fragrant. 10 to 12 inches high.

Her Majesty. Large size, white, fragrant.

DICENTRA

(Bleedingheart, also called *Dielytra*)

Spectabilis. 1½ to 2 feet. A well-known hardy perennial, producing freely in Spring and early Summer beautiful heart-shaped flowers of pale crimson and silvery white, in graceful drooping racemes sometimes a foot long. Fern-like foliage.

Each 75c., doz. \$7.50

DIGITALIS (Foxglove)

Gloxiniaeflora. 1½ to 2 feet. A large-flowered form of the old-fashioned Foxglove. White, purple, pink and mixed colors.

DORONICUM (Leopardbane)

Excelsum. Two feet high, producing in early April, orange flowers over three inches across on long stems.

EUPATORIUM (Thoroughwort)

Ageratoides. 3 to 4 feet. Produces a profusion of white, fuzzy flowers.

Coelestinum (Hardy Ageratum). 2 feet. An invaluable species covered with rich blue flowers from early August to October. The flowers resemble deeply colored Ageratum.

FUNKIA (Plantainlily)

Coerulea (Blue Daylily). 18 to 24 inches. Glossy foliage on tall stems, clothed with Lily-like flowers during July and August.

Lancifolia undulata variegata (Variegated Daylily). 12 to 15 inches. Wavy foliage beautifully variegated with white.

GAILLARDIA (Blanketflower)

Grandiflora. 12 to 18 inches. Flowers have red centers with rings of crimson, maroon, orange or vermilion, topped with orange or lemon.

GYPHOPHILA

Paniculata (Babysbreath). 3 feet. A popular old-fashioned perennial. Forms a compact, symmetrical bush covered in August and September with loose panicles of small white flowers.

Paniculata fl. pl. (Double Babysbreath). 3 feet. A double form of the above. A rare perennial.

Bristol Fairy. A wonderful advance over the aforementioned sort, a plant not only of greater vigor, producing much larger panicles of flowers, in which the individual bloom also is considerably larger and of purer white color, but it also possesses the advantage of flowering more or less continuously throughout the Summer, new branches of bloom appearing after the first flush of flowers has passed, if these are cut away when through blooming.

Each 35c., doz. \$3.50

DIANTHUS

DICENTRA SPECTABILIS

DIGITALIS GLOXINIAEFLORA

GEUM (Avens)

Mrs. Bradshaw. A new, large, double scarlet variety, much better than of this type previously introduced, blooming the greater part of the Summer and Fall. Height 15 inches.

Lady Stratheden. A counterpart of Mrs. Bradshaw, except in color, the large double flowers being of a rich golden yellow.

HELENIUM (Sneezeweed)

Autumnale superbum. 5 feet. A strong growing plant covered with branching heads of bright golden flowers in late Summer.

Riverton Beauty. Rich lemon-yellow with purplish black cone.

Pitcheriana. 2 to 3 feet. The flowers are deep golden yellow, of leathery texture and freely produced throughout the Summer.

DOUBLE HOLLYHOCKS

HELENIUMS

HEUCHERA (Alumroot)

Sanguinea (Coralbells). Ornamental in foliage and beautiful in flower. The blossoms are of a brilliant coral, borne in open panicles on wiry stems the whole Summer through. A free bloomer, airy and graceful.

IBERIS (Candytuft)

Sempervirens. 8 to 10 inches. A shrubby low growing plant with evergreen foliage completely covered in Spring with clusters of pure white flowers. Especially valuable for the foreground of borders and for rock work.

SUPERB HOLLYHOCKS

Though not generally known, there has been as great improvement made in this stately flower during recent years as there has been in the Canna, Dahlia, Chrysanthemum or Carnation.

Double Hollyhocks. The flowers are not only very large, wonderfully perfect in makeup, but are produced in far greater numbers and for a much longer season than the Hollyhocks of "Grandmother's Garden." We grow them in separate colors, namely, maroon, pink, red, white, and yellow.

Japanese Iris

Atlanta. Rosaline pink, with hue of soft lavender pink. Primrose yellow blotch at back of petals from which radiates faint longitudinal veins of bluish purple. Pistils greenish white with bluish lips. A dainty and extremely beautiful variety. Height of stalk 45 inches.

Each \$1.00, doz. \$10.00

Bobby Sipe. Large white overlaid with prominent feathering of bright bluish violet. The violet being heavier at base of petals, surrounding bright orange blotch. The beautiful color contrast of this variety is impossible of accurate description. It will have to be seen to be properly appreciated. Six petals. Size of bloom 6 inches, height 48 inches.

Each \$1.00, doz. \$10.00

Cornelia. White, prominently veined purplish blue, with cadmium orange blotch at base of petals, edged dull purple. Standards of interior petals 3 inches long, 1 inch wide, Paris blue lower half; upper half white, heavily veined Paris blue. Pistils white, tinted lavender, with lighter tinted lips. An extremely fine variety that should find much favor with all Iris lovers. Three petals, size of flower 7 inches, height of stalk 50 inches.

Each \$1.00, doz. \$10.00

Normandy. White, with faint hair lines or veins, radiating from light cadmium yellow blotch at base of petals. Standards or inferior petals are very conspicuous in their contrast of bluish violet color, tipped and edged white. Single. Size of flower 6 to 7 inches, height 36 inches.

Each \$1.00, doz. \$10.00

NORMANDY

BOBBY SIPE

Olympia. This beautiful variety is a blending of rosaline pink and soft lavender, with primulinus yellow blotch at base of petals bordered bluish tinted deep lavender. Small standards, or interior petals of light squills-blue and lavender pink. Pistils white with squills-blue lip. Three petals, size of flower 7 inches, height of stalk 50 inches.

Each \$1.00, doz. \$10.00

Venice. Lavender pink, heavily veined Venitian blue, with deep chrome yellow blotch at base of petals. Pistils lavender tipped Venitian blue. Six petals, size of flower 6 inches, height of stalk 50 inches. It is impossible to adequately describe the great beauty of this exquisite variety.

You will have to see it to fully appreciate its beauty.

LYCHNIS (Campion)

Chalcedonica (Maltese Cross). 3 feet. A fine old sort with close heads of brilliant scarlet flowers.

Viscaria fl. pl. (Double Red Lychnis). 18 inches. A magnificent variety with thickly tufted evergreen foliage which turns to brilliant colors in Autumn. The flowers are in tall spikes, of pure rosy-red color and pleasantly fragrant.

MONARDA (Bergamot)

Didyma splendens (Oswego Tea or Bee-balm). 2 to 3 feet. Large heads of intense rich crimson-scarlet flowers.

MYOSOTIS (Forget-me-not)

Palustris semperflorens. 4 to 8 inches. A lovely little plant especially valuable for rocky or moist situations. Completely covered with small pale blue flowers.

PAPAVER (Poppy)

Oriente (Oriental Poppy). Gorgeous beyond words to describe. The red flowers are 5 to 7 inches across and are freely produced during May and June on tall, strong stems. The light green, silvery fern-like foliage is also most pleasing.

Princess Victoria Louise. Salmon pink.

Each 35c., doz. \$3.50

HERBACEOUS PEONIES

Cast-iron in their hardiness, blooming equally well north, south, east and west, in this country, no other flower is so adaptable and so satisfactory. A good, rich soil, open sunny position, and plenty of water during their growth is all they need. When planting, place the roots so that the crowns are barely covered with soil.

Assorted Varieties in separate colors: White, red and pink.

Per plant 50c., doz. \$5.00, 100 \$35.00

HARDY PHLOX

HERBACEOUS PEONIES

Thor. Dark pink.

W. E. Egan. Delicate lilac pink with solferino eye.

DWARF PHLOX

Divaricata canadensis. One of our native species, which is worthy of extensive planting, commencing to bloom early in April and continuing through May, with large, fragrant lavender flower on stems 10 inches high.

PHYSALIS (Chinese Lanternplant)

Francheti. An ornamental variety of the Winter Cherry, forming dense bushes about 2 feet high, producing freely its bright orange scarlet lantern-like fruits which when cut will last all Winter.

PHYSOSTEGIA

Virginica (Dragonhead). 3 to 4 feet. The shell pink flowers resemble large heather or small orchids. June until frost.

PLATYCODON

PLATYCODON**(Bellflower, Balloonflower)**

Mariesi. 18 inches. Semi-dwarf habit. Produces a profusion of star-like flowers of intense dark blue, from June until October.

Mariesi alba. 18 inches. Flowers are white.

PRIMULA (Primrose)

Vulgaris (English Primrose). 6 to 9 inches. Bright lemon yellow.

PYRETHRUM

Roseum hybridum (Painted Daisies). 12 to 18 inches. Unsurpassed for refined beauty and attractive foliage. They are truly "Color Marguerites" in wide color range.

Uliginosum (Giant Daisy). 3 to 4 feet. Pure white flowers with yellow centers in great masses in Autumn.

SEDUM SPECTABILIS

RUDBECKIA (Coneflower)

Laciniata fl. pl. (Goldenglow). 5 to 6 feet. Tall, branching plants, completely covered with golden yellow flowers.

Newmani. Dark orange-yellow flowers, with deep purple cone, borne on stiff, wiry stems 3 feet high; flowers from July to September.

Purpurea (Giant Purple Coneflower). Flowers about 4 inches across, of a peculiar reddish-purple with a remarkably large cone-shaped center of brown; forms bushy plants 3 feet high, and blooms from July to October.

Subtomentosa. A pyramidal densely branched plant, 2½ feet high, which is completely enveloped in a mass of brilliant lemon-yellow flowers with dark purple centers in Summer.

SALVIA AZUREA

SALVIA (Sage)

Azurea (California Blue Sage). 3 to 4 feet. During August and September entirely covered with charming blue panicles.

SCABIOSA

Caucasica. Beautiful, soft lavender-blue flowers on long stems 2 feet high.

SEDUM (Stonecrop)

Spectabilis, "Brilliant." An improved variety. Showy red flowers produced in large flat umbels; 1½ to 2 feet.

STATICE

Latifolia (Sea Lavender). 12 to 18 inches. Has abundant tough, deep green leaves, and large heads of small, lavender-blue flowers.

STOKESIA (Stoke's Aster)

Cyanea. Lavender blue flowers of exquisite charm and desirable for cutting.

SWEET-WILLIAM (London Tufts)
(*Dianthus barbatus*)

We can supply them in separate colors, viz.: Pink, red and white; also mixed colors.

THALICTRUM (Meadowrue)

Very graceful, pretty flowered plants with fine cut foliage; great favorites for planting in the hardy border.

Aquiligifolium album. Elegant Columbine-like foliage and masses of feathery white flowers during June and July. 3 feet.

Dipterocarpum. Though introduced some years ago, this beautiful species is yet but little known. We consider it one of the real gems among hardy plants. The flowers are a charming shade of violet-mauve, which is brightened by a bunch of lemon-yellow stamens and anthers, invaluable for cutting. 4 feet.

STOKESIA CYANEA

TRITOMA (*Kniphofia*)

Spicata. 1 to 2 feet. Produces in Summer a wealth of deep blue flowers.

VIOLA

Jersey Gem. One of the most valuable, long blooming, bedding Violas ever introduced. Will thrive in any good garden soil in sun or half shade. Compact in growth, it offers a profusion of Tyrian violet blossoms from May until nipped by frosts. A superb plant for bedding or as a cut flower.

Each 25c., doz. \$2.50, 100 \$16.00

VERONICA SPICATA

Two Fine Climbers

HARDY CLEMATIS

Very effective climbing vines for arbor porch or trellis. The *Paniculata* type is an ideal climber for covering old tree stumps.

CLEMATIS PANICULATA

Clematis *paniculata* (Japanese Virgin's Bower). This handsome hardy climber is one of the choicest and most satisfactory climbing flowering plants. Of strong, rapid growth, with small, dense, rich green foliage, and pure white, deliciously fragrant flowers which appear in the greatest profusion in August and September, followed by silvery, feathery seed pods. The plants will succeed in almost any position, and are adapted for all uses when a graceful vine or trailer is desired.

Each 25c., doz. \$2.50

Large-flowering Clematis. No other climbing plant equals in attractiveness the beautiful large flowering Clematis. They need rich, deep soil, perfect drainage, abundance of water, and most important of all, they should be planted with the crowns three inches beneath the surface of the soil.

Jackmani. The popular rich purple variety.

Each 75c.

We Urge You to Order One of These

...
**We Are Certain You Will
Thank Us Next Summer**
...

\$2.50 is a modest sum to pay for six such beauties as here listed in Collection "A." You get a big measure of joy from them.

But if you can afford \$7.00 we are sure that you'll get so much greater pleasure from Collection "B" that you'll agree that the extra \$4.50 was wisely spent.

\$10.00 also is a modest sum for these eight in the "Elite" Collection. Really this assortment is cheapest of all—eight high value roots—not a cheap one there—for \$10.00.

Be sure to read the description of each variety on the inside of catalog before you order and see how carefully we have selected them for color, size, etc. No matter which collection you order—you are getting exceptional value.
